By BROADAN WALL

New York, Oct. 3-Because next fonday will be a holiday and beause the harbor is tied up with the bagshoremen's strike again, there was some professional selling of hany stocks in Wall street this afternoon. This resulted in some net osses and in the shading down of the sains made by the leaders early ig gains made by the leaders early the day.

During most of the session the mar-

tet was extremely active and strong. The leaders were those great indus-trials, such as the oils, motors and tobaccos, that will not be hurt by a freight embargo. The rails were prop-erly quiet and subdued. Money went to 10 per cent, but that had no ince on the market.

Motor stocks, oils, tobaccos, U. S. Steel and a few high-grade specialties were at the front of the trading list. New high records were made by several, but those in Mexican Pete, General Motors and Retail Stores attracted most attention. Business opened with a rush. General Motors was the leader, and its activity set all other motors and oils going. Rumors come from Pennsylvania of a strike in the coal fields to of a strike in the coal fields to

begin on November 1. A coal strike will fail and the automobile and petroleum companies will be the reasons. In anticipation of somehing of the kind, stores of fuel oil have been accumulated at important

Mexican Petroleum made the new bigh record that it is expected to establish daily. The Street is full of rumors to explain it. Stutz was one of the best per-formers in the market, showing a

formers in the market, showing a net advance of 17 points for the day.

The Duke-Whelan stocks were in the limelight again. United Cigar Stores, which had been inactive for weeks, advanced 50 points. It is evident that the stubborn short interest in that stock persists.

American Woolen, International Harvester and Worthington Pump are three stocks that have been persistently accumulated by very rich.

New York, Oct. 2.—Active liquidation brokes prices for cotton sharply in the last hour today following erratic fluctuations under waves of buying and profit taking. At one time the market soid into new high ground for the movement. Trading was on a large scale. There was considerable irregularity in the market at the start disposition to realize profits on long lines offsetting bullish early news. First prices were 10 points higher to 7 points lower. Those was continued realizing and Southern hedge selling later in the morning, and before the end of the first hour active months were sold in the morning and before the end of the first hour active months were sold in the morning and before the end of the first hour active months were sold in the morning and before the end of the first hour active months were sold in December selling at \$2.56a. This made a reaction of about \$5 points from the high price of yesterday.

with December selling ab 32.55a. This made a reaction of about 65 points from the high price of yesterday.

The market advanced rapidly late in the afternoon on buying by early sellers who were either covering shorts or replacing long lines, and a renewal of aggressive bull support.

Partners in Rockefeller Enterprise Not Held to Work, Says Holland.

One of the first reports to reach New York on the morning of the day when the strike of the iron and steel workers began came from Colorado. It asserted that many of the employes in the industry of which John D. Rockefeller jr., is the head had joined in the strike. The wonder was whether this report could be accurate. There seemed to be no doubt that the industrial plan which was worked out by Mr. Rockefeller, many of whose features were adopted by the emwas serving to bring about excel-lent co-operation between those who labor with their nands and receive wages therefor and those who work with their brains and who invest their money into the corporation, or in other words, the

Mr. Rockefeller asserted at the Congress of American Industries, which was held at Atlantic City in mber of last year, that labo capital are partners and in fact from one point of view are the same. All are interested in production. The full measure of prosperity cannot be obtained by labor at the expense of capital nor by capital at the expense of labor. There must be association, and concertion perity cannot be obtained by labor at the expense of capital nor by capital at the expense of labor. There must be association, and cooperation.

Horse Can Stay Down Longer'n a Sub

New York .-- Nineteen days "Yank," a horse from overseas, stayed under an army pier in Brooklyn. Sometimes the water was so high he could hardly breathe. He had slipped from the gangplank while being put aboard a boat for a trip to Washington and wasn't found till the planking was ripped up to make repairs on the pier. Outside the need of a square meal he seemed little the worse.
